

“Kiyo Bank presents UNKNOWN ASIA 2026” Announced! Event Dates: December 4th (Fri) - December 6th (Sun), 2026 Pre-entry for Exhibitors Now Open!

The UNKNOWN ASIA Organizing Committee is pleased to announce that the international art fair “Kiyo Bank presents UNKNOWN ASIA 2026” will be held for three days from Friday, December 4, 2026, to Sunday, December 6, 2026, at Umeda South Hall in Osaka.

Since its inception in 2015, this fair has brought together artists from various countries and regions across Asia, evolving into a venue for free expression and exchange. This year, it will once again serve as a platform to introduce “yet-to-be-discovered talent” to the world from Osaka.

What is UNKNOWN ASIA?

UNKNOWN ASIA is an art fair that brings together artists from Japan and across Asia in Osaka. Since its inaugural event in 2015, over 1,700 artists have participated. This fair, where diverse artworks open up new possibilities, attracts artists from a wide range of backgrounds and has garnered attention in the art scene for its freedom of expression.

Highlights of UNKNOWN ASIA

■ Diverse Networking Opportunities

This fair attracts a wide range of visitors, including galleries, companies, and fans. During the preview on the first day, over 100 jurors and reviewers select artists from their respective perspectives and present them with awards. These interactions between artists and third parties often lead to new opportunities, such as the development of new projects and exhibitions.

*We regularly post updates on past achievements on the UNKNOWN ASIA official website and social media.

■ Support System

While art fairs can sometimes feel intimidating or exclusive, UNKNOWN ASIA fosters a welcoming atmosphere by building mutual trust between exhibitors and organizers throughout the preparation process.

This leads to presentations that reflect each artist's authentic style and creates a meaningful experience for both exhibitors and visitors. At its core, the fair promotes a strong culture of support, helping each artist take their next creative step and continue growing their career.
